

Instructions for 2009-10 Upper Dublin Education Foundation Mini Grant Applications

Another great opportunity to enhance and complement your teaching practices! The Education Foundation will again offer Mini-Grant opportunities for all our teachers and staff. Mini-Grants are offered as an aid to staff in finding new strategies to enable all students to be successful learners. **New ideas initiated or resources developed through the Mini-Grant Program should meet needs not addressed in existing programs. The innovation should strengthen the program and enhance student learning.**

Grant proposals should not exceed \$2500. Larger ones will be considered if phased over more than one year.

A subcommittee will review the proposals and make award recommendations to the Foundation members. Awards will be determined by the Education Foundation. The target date for awarding the grants is the December meeting of the School Board.

The **application is attached** and must be **returned by Monday, September 21st, 2009**, to the Superintendent's office. Please submit your application online with a copy to your building principal or supervisor. (Contact your building technology representative or John McGowan if you need assistance.)

If you have previously received a Mini-Grant, please submit a Status Report, including the title of the Grant, the year in which it was funded, a 2 paragraph summary of the grant, and an assessment of how successful the funded project was at achieving its goals. A **Status Report form** is attached to this application. If you have already submitted a status report on your project, please attach a copy of that report, and update it, if appropriate, or -- indicate the title of your project, the year it was funded, and the date on which the original status report was previously submitted to Dr. Pladus' office. If you are unable to provide this, you will not be eligible for funding under the 2009-2010 Mini Grant program.
